

Calling business proposals for the EU University-Industry Engagement Camp

FOUNTAIN Project supported by the Erasmus program of the EU, organizes an entrepreneurial camp on 26th January 2024 in the KCM Auditorium of the Horizon Campus, to build awareness among the participants on University-Industry collaboration for innovation and to select innovative ideas and business plans from among the entrepreneurial students who wishes to establish startup companies of their own.

An Individual or group of students who've got novel idea along with the supervisor's consent and with the plans for business incubation for market introduction are requested to submit their proposals incorporating the justified budget with business plans, on or before 15th January 2024 to the following e-mail:

fountain.horizon@gmail.com

The applicants are encouraged to send their applications with the consent of an academic member as your Head of the Department/Dean/ Supervisor.

The business plan should be realistic and simply explain how you plan to get the seed money for the initiation of the startup company.

The relevant application to enter to the above camp along with the proposed business plan and budget, are attached herewith.

Successful applicants will be selected initially through a desk evaluation are invited for the upcoming University-Industry Engagement Camp on 26th Jan. for the presentation of the business idea, the business plan and mode of operations and other relevant information to a panel consisting of academics/ entrepreneurs and business supporters for evaluation and initiation of incubation process.
