Vice Chancellor
Rajarata University of Sri Lanka

Invitation to University Young Inventors to join hands with “Sahasak Nimavum” International Inventions and Innovations Competition

The Sri Lanka Inventors Commission (SLIC) is a public organization that was established by the Sri Lanka Inventors Incentives Act, No. 53 of 1979, and is currently operating under the purview of the Ministry of Science & Technology.

We are delighted to announce the 5th edition of the “Sahasak Nimavum” International Inventions and Innovations Competition, and the 12th edition of the National Exhibition is scheduled to be held from 25th to 27th April 2025 at the BMICH, Colombo, and the Award Ceremony will be held on the 06th May 2025 at the Main Conference Hall of BMICH.

As always, the exhibition will gather national and international professionals, academic members, investors, diplomats, students and the general public who interested in inventions and innovations, offering an outstanding platform to showcase the innovative talents. “Sahasak Nimavum” is the sole platform in Sri Lanka that comes up to the standards of international level and showcases more than 500 exhibits (inventions & innovations) within a single location.

In this regard, we will expect to allocate a prominent area exclusive to all universities to showcase their innovative talents and innovative research outcomes at the exhibition.

Accordingly, we cordially invite you to take part in the event and showcase your institutional talents and strength through innovative products.

Furthermore, this is a good opportunity for all university students to get the exposure of inventions & innovations by visiting the event during the scheduled dates. For further information, please do not hesitate to contact Mr. Lakshitha Rathnayake, Assistant Director of Projects of the Commission, via 0719507132, 011 2676650 or by fax at 011 2676646.

Your valuable contribution to promoting an innovative culture in Sri Lanka is highly appreciated.
