Vice Chancellor

Rajarata University

Dear Sir/Madam,

As the President of Section B (Agriculture and Forestry) of the Sri Lanka Association for the Advancement of Science (SLAAS), I am pleased to inform you about **GreenTech Connect 2026 – Innovation & Industry Forum**, organized by Section B in collaboration with the National Academy of Sciences of Sri Lanka (NASSL).

The forum will be held on **09 October 2026** and aims to connect undergraduate innovators with industry professionals and academics. It will provide students with an opportunity to showcase innovative products, processes, and systems addressing real-world challenges related to agriculture, the environment, and sustainability. The event will also facilitate opportunities for commercialization, mentorship, professional networking, and future collaboration.

We would be most grateful if you could kindly arrange to circulate the attached flyer among the relevant faculties, departments, academic staff, student societies, and undergraduate students of your university, and encourage eligible student innovators to apply.

The application deadline is **25 August 2026**, and applications can be submitted by scanning the QR code provided in the attached flyer. Dr. Nadeesha Ukwattage serves as the Coordinator of GreenTech Connect 2026. For further information or clarification regarding the forum, she may be contacted via email at nadeesha@et.cmb.ac.lk or by telephone at +94 71 731 7338.

Your support in disseminating this opportunity would be greatly appreciated and would help us reach promising undergraduate innovators across Sri Lankan universities.

Thank you for your kind consideration and cooperation.

Yours sincerely,

Dr. Madhusa Sudasinghe

President - Section B (Agriculture and Forestry)

Sri Lanka Association for the Advancement of Science (SLAAS)
